- Some independent practice may be required occasionally for the program.
- The student is committed to being punctual and having perfect attendance throughout the program. The student will be withdrawn if there is "No Show" (without any notice) or two tardies; excused absence due to illness (they missed the school day too) will be excused.
- Misbehavior is not tolerated. This is a very structured program, and it is crucial for all students to get the best learning environment possible. If there are any behavioral incidents, the student will be withdrawn.
